Incredible Teamwork from little Clownfish –

https://www.youtube.com/watch?v=WWIDa7CA_5w

Level One:

1. What do the clownfish do before tucking the shell in?
2. Why did the clownfish want the coconut shell?

Level Two:

3. How might the clownfish feel about being unable to move the coconut shell by himself? Why?
4. Put the following events from the clip in order from 1 – 5. One has been done for you.
 - A single clownfish tries to move the coconut shell. _____
 - The coconut shell is put in place. 5
 - A coconut shell floats along the sea floor. _____
 - A pair of clownfish work together to move the coconut shell. _____
 - The anemone tentacles are adjusted. _____

Level Three:

5. How do you think the clownfish feel after successfully completing this task? Explain your answer fully.
6. Summarise this clip in 35 words or less!
