

Year 1 – Week 3

Mrs Carey

I have tried to exercise a little bit every day.

Sometimes I will go for a run, or a long walk, but this weekend I decided I would go on my bike for a change!! Oh my gosh! I had forgotten how tricky this was! We cycled a long way, but had lots of fun!

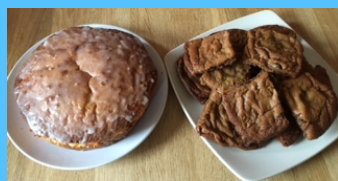

At home I have been catching up on jobs around the house! I have painted my garden fence and baked some cakes.

My 'big' girls made me a lemon drizzle cake and chocolate chip cookies, they were delicious 😊

Together with Miss Dudley & Mrs Loughran I have been working at the HBN Hub, we had such great fun as our last topic was Space. We have been exploring in forest school too! Some of the boys and girls have built a new den, it looks really cool, hopefully you will get to see it really soon.

I hope you are all taking great care and I'm sure we will get to see you all soon.

Missing you all & sending big hugs x

Mrs Loughran

Hi guys, I am missing you all so much! Since I last saw you in school I have worked at the HBN Hub making dinosaur eggs that are safe in Miss Dudley's cupboard.

I've been doing lots of walking and have seen so many animals; sheep, cows, and even Shetland ponies!

I am volunteering 2 days a week at the Food Bank, packing food parcels and delivering them to people in need. I have taken up knitting again and am busy making a blanket for my dog.

I was back at HBN Hub last week having fun with the children. We did a whole school Zumba, it was brilliant.

Stay safe! Lots of love,

Mrs Loughran xx

Mrs Russell-Dunn

Hey everyone!

I have been keeping safe at home with my four boys, helping them with their high school work. We have also been baking, planting and having lots of fun!

We made a bird feeder from a plastic bottle and decided to hang it from a tree in our garden.

Maddie, our dog, is loving us all being at home. You can tell by her smile in the picture!

I miss being at school so much and can't wait to see you all!

Stay safe!

Please ask your child these questions and fill in their answers. Their reply will be used on their report.

1. I love learning in school because

.....

2. My favourite lesson is

.....

3. My favourite topic has been – please specify:

Mighty Me (All About Me)

Transport

Pole to Pole

Dinosaur Roar

Great Outdoors

4. My best memory of year 1 is

.....

5. I like my teachers because

.....

6. My favourite challenges are

.....

7. What do you want to be when you grow up – why?

.....

Please send your child's reply to our school emails:

Miss Dudley's Class – molly.dudley@sch.im

Miss Forrest's Class – laura.forrest@sch.im

Please look out for a catch up email from either Miss Forrest or Miss Dudley every few weeks. This will be our form of contact instead of phone calls.

We would also love you all to send one picture of your child with their favourite piece of home learning that they have completed so far.

If they could hold it in front of their chest (with a big smile), that would be brilliant!

Some examples from year 1 children last year:

My Learning

I love coming to school because my writing is getting so much better.

My favourite lessons are numeracy, handwriting and phonics. Golden time is really fun!

My favourite topic was Mythical Creatures when we wrote a story about Zog.

My best memory of year 1 was when we learnt about superheroes and their powers.

I like my teachers because they are good at helping me with my learning.

My favourite challenges are in the creative area when we paint, draw and make new things.

When I grow up I would like to be a pilot to fly jets and aeroplanes.

My Learning

I love coming to school everyday because we have so many lessons where I learn new things.

My favourite lesson is art because I like drawing.

My favourite topic was Pirates when we had Pirate day!

My best memory of year 1 was going to the cinema.

I like my teachers because they help me and are kind.

My favourite challenges are in the numeracy area because I always get them right.

I want to be a builder when I grow up.

My Learning

I love coming to school to see Miss Dudley because she is a good teacher.

My favourite lesson is numeracy because you can learn new stuff all the time.

My favourite topic was Mythical Creatures because we read and wrote about Zog.

My best memory of year 1 is the role play, and playing with my friends.

My favourite challenges are in the creative area because I love art and painting.

I want to be a teacher like mummy when I grow up, but want to work at HBN.

My Learning

I love coming to school to write because I can write my name on my own now!

My favourite lesson is PE, I like hula-hooping the most.

My favourite topic was Flower Power when we acted out Jack and the Beanstalk.

My best memory of year 1 is having lots of friends.

I like my teachers because they help me learn. I am proud of myself for eating all of my lunch every lunchtime!

I would like to be a ballet dancer when I grow up!

Can you make a
'nature alphabet'?

Search for sticks, stones, leaves, sand
and feathers to create your own.

Adjective Eye Spy:

Choose an object in sight. Describe the object 'eye spy with my little eye something that is smooth/rough/round/shiny' etc.

House Shop:

Make labels on post it notes and give them to your child. They need to sound out the word and stick it to the correct object in your 'House Shop'. This could be timed and made into a game - who can do it fastest? *As a trick you could stick the wrong label on the wrong item and your child needs to work out which one is wrong*.

Zog

Watch Miss Dudley reading 'Zog' by Julia Donaldson on the
HBN Website (Year 1 Section), and complete these tasks.

1. Write a list of skills Zog must learn at dragon school. Title your work 'How to become a Dragon'.
2. In the story, the princess dreams of being something else when she grows up. Tell us what YOU want to be and why?
3. Imagine you were flying on the back of Zog. Draw pictures and label what you see.
4. Zog has taken you to your favourite place in the world. Write a postcard to your friends and family telling them where you are, what you see around you and explain why you asked Zog to take you there.
5. Zog's super power is being able to fly. What would your superpower be and why?

Science

Watch this video:

<https://www.bbc.co.uk/bitesize/topics/zpxnyrd/articles/zw2y34j>

Make a list of all flowers and plants you see around you; on a walk, at the park, or in your own garden.

Make models of all the plants and flowers you find.

*You could use lego/play doh, or natural materials from the garden such as; wood, stones, twigs, grass etc.

Topic

Follow these steps to make your own bird feeder:

This week you will be counting in tens. We hope that by the end of the week you can count in tens by heart, forwards and backwards (starting from any number) to 50 or 100.

Can you complete these challenges?

Ways to practise:

- Write the tens on post it notes (10, 20, 30 etc) and hide them around the room/ house. Send your child to find them. When they return, give them challenges to order them forwards and backwards starting from different numbers.
- Throw a ball to each other, say a number and each time you catch the ball you need to add 10 on each time. This can be 10, 20 30 or 3, 13, 23 etc.
- Count using 10 pence pieces. Ask questions such as; 'If this chocolate bar costs 40p, how many 10 pence pieces will I need?'
- Draw a tens hopscotch on the ground and practise counting forwards and backwards each time you jump.
- Count how many toes are in your household.
- Count how many fingers are in your house.
- Make a 'Counting in 10's' poster to teach your friends at school.

Mental Maths Starters:

Number Splat

Make number cards / draw numbers on paper or a whiteboard.

Splat a number bigger than 2. Splat a number smaller than 20. Splat a number equal to 19 etc.

9 box Bingo

Draw a 9 box bingo card on a whiteboard / paper / in book. Two lines down, two lines across.

9 numbers from 0-20/30/50.

I am thinking of a number 1 more than 14, 1 less than 8, 2 groups of 10, 2 more than etc.

Games

These are phone/laptop/iPad/tablet friendly.

Choose the 10 Duck:

<https://www.ictgames.com/mobilePage/duckShoot/index.html>

Adding 1 and 10 to numbers:

<http://www.ictgames.com/frog.html>

How many birds are there altogether?

There are ____ birds in each tree.

There are ____ trees.

There are ____ birds altogether.

In a shop, grapes come in bunches of 10

Max wants to buy forty grapes.

Are there enough grapes?

How many flowers are there altogether?

There are ____ flowers in each bunch.

There are ____ bunches.

There are ____ flowers altogether.
