

Hey team!

Can't quite believe it's been 8 weeks since we've been at school! I've been thinking about you all and wondering what fun and adventures we'd have been getting up to if we'd have been in...

I have loved seeing and hearing about what you've been up to at home though, so thought I'd share a little of what I've been doing.

As you may have seen, my Tik Tok and exercise video career is booming! I've also been going out running, walking and cycling. My foot is feeling much better so I've been able to do a lot more - I'm ready for when rugby and basketball is allowed!

I've really enjoyed being in the hub and working with children from all different year groups and different staff too! We've been lucky to have lots of different treats delivered which is always very exciting!

I hope you're all keeping safe, enjoying the sunshine, and having lots of fun!

Love, Miss E :)

Hi year 6!

I've been keeping very busy whilst we've been away from school.

I've been on my computer at home completing lots of courses, so that when we're back in school, I'll be able to do lots of new things with you!

It's been lovely spending lots of time with my dog, Zac. He's really enjoyed going on lots of walks in the sunshine!

I've been working in school with all the different boys and girls which has been lovely. We've even learnt to do some Tik Tok dances - I was mostly just laughing at Seb though!

Hope you're all keeping safe, and hope to see you soon!

Hello Y6!

I hope you and your family are staying safe and looking after each other. I've really enjoyed receiving your photos and videos of all the work you've been doing - well done and thank you. Keep them coming!

As well as going into school to work with the children of key workers, I've been busy working at home preparing your home learning amongst other things - most notably reading! I've been reading lots of the books we have at school which I've really enjoyed.

Other than work, I've been trying to get outside as much as possible because we've been so fortunate with the weather (mostly!).

I feel so lucky to live in Peel and be surrounded by beautiful scenery to walk and run through. I've explored new places in the area which has been fun. As you know, my family live in England. I was due to visit them in the Easter holidays and it was a shame I couldn't but thank goodness for modern technology - I've been able to make lots of phone and video calls to keep in touch. I've also been baking and cooking lots and attempted a new skill - knitting - but I still need lots of practice at that!!

I hope we will be able to get back to school soon. In the meantime, stay safe.

Miss Gibson xxx
